

KNAPPA

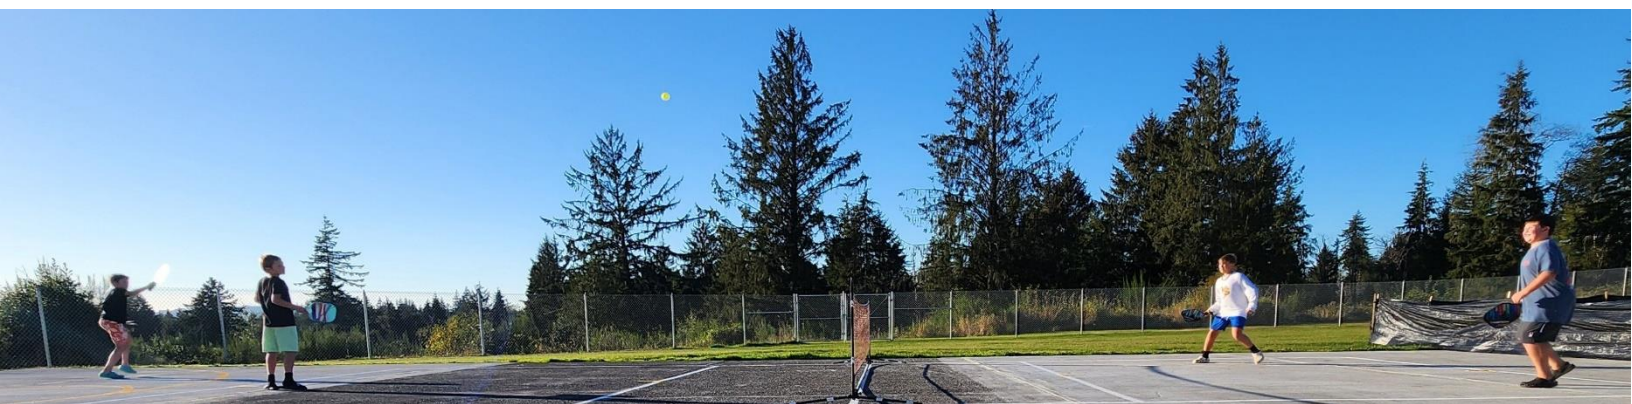

Community Court

Connection, Fitness and Fun!

Offering countless benefits to students, school staff and community members, Knappa Community Court will serve as a joyful place for healthy physical activity – a space that bridges both age differences and athletic ability, while offering cherished opportunities for family fun and social connection. Please help make this vision a reality!

Project Details

We are seeking \$25,000 in pledges from businesses, nonprofits and individuals to apply a high-performance athletic surface over the concrete slab at the west end of Hilda Lahti Elementary. The new surface will be home to two pickleball courts – America’s fastest-growing sport – as well as a basketball hoop, foursquare and wall-ball. Funds will also be used to install fencing and lights to allow for evening play. Located next to the school’s new playground, the court will significantly enhance recess and after-school activities, and be made available for free community use during evenings, weekends and the summer break.

Pledge Levels

Founding Partner: \$2,500 | Champion: \$1,000 | Captain: \$500 | Contributor: \$250

Funds will be collected once the full amount is raised and the project moves forward. All donations are tax-deductible. Donors will be recognized on a permanent thank you sign.

Make Your Pledge Today to Play on the New Court Next Summer!
